EXPERIENCE

SIMFORM SOLUTIONS | SOFTWARE ENGINEER TRAINEE

Feb 2023 - July 2023 | Ahmedabad, Gujarat

- Developed and deployed application during the internship, demonstrating practical proficiency in front-end web development.
- Implemented efficient state management using **Redux Toolkit**, ensuring a centralized data store.
- Improved developer productivity by leveraging **Typescript** alongside React, facilitating early error detection through strict typing and fostering robust development practices
- Effectively integrated **Firebase** as the application's back-end.

IMPECTOVERSE | JR SOFTWARE ENGINEER | INTERNSHIP

march 2022 - feb 2023 | Ahmedabad, Gujarat

- Worked with remote team of react and mongo db developers and learn about team work on live project (impactoverse an block chain site).
- improve legacy code that was running on older vision of react and convert that into latest bundler **vite** that would optimize app altogether with improving developer experience.
